Our First Interview!

Our selected secret student is: (drumroll please..) Aurelie Wilson!!! Aurelie is in second grade and enjoys math and writing. Her idea of being a good student in the classroom is to not interrupt the teacher, not to disturb others while they are working, and not yell. "We

should always be inclusive," said Aurelie. "And never be rude." Her answer to the question how should students be kind? Students should welcome each other and NEVER use physical violence. Her favorite food is cheese pizza and she likes the color pink the best.

Have you ever wanted to be recognized around the school??
Have you ever wanted to be known for something great??
Sounds like you want to be a secret student!!

Show the school how kind, considerate, and helpful you can be, and you might be selected!
